

EXCEPTIONAL MODIFICATION OF CALENDAR AND RULES

MULTI COMFORT STUDENT CONTEST 2020 / 2021

Saint-Denis, Paris, France

EXCEPTIONAL MODIFICATION OF CALENDAR AND RULES FOR THE MULTI COMFORT STUDENT CONTEST PARIS 2020 / 2021

For Saint-Gobain, the health and safety of all of us is our top priority. Faced with the COVID-19 Coronavirus pandemic, we decided to apply the following changes to the 16th International Edition of the Multi Comfort Student Contest Paris 2020 / 2021:

NATIONAL STAGES

- The period for organizing **National Stages will be extended until January 15th, 2021.**
- Countries can decide locally the timing and format of their National Stage depending on the current local situation.
- Registration for participation on the Multi Comfort website stays mandatory and will be open until December 31st, 2020. Participants must verify with their local leader the deadline for registration in their country.
- Students registered as participants in the edition 2020 that will no longer be students in 2021, are allowed to participate in the International Stage in case of winning their National Stage.
- Countries participating in the 16th International Edition of the Multi Comfort Student Contest Paris 2020 must communicate to all registered participants the modifications to their National Stages.
- Countries will have the possibility to re-launch the Contest Task Paris 2020 in September for the students starting a new scholar period. If this is the case, they are obliged to select the winners before January 15th 2021 and respect the number of teams assigned for the International Stage.
- For any further information regarding the National Stage in your country, please contact your Local Leader: www.multicomfort.saint-gobain.com > [Contacts.](#)

INTERNATIONAL STAGE

- The International Stage will be held from **June 9th to June 12th, 2021 in Paris, France.**
- The number of teams participating in the International Stage from each country may be limited depending on the International Stage capacity (Maximum 60 teams).
- The new deadline for the submission of projects via the Multi Comfort website to participate in the International Stage is **January 30th, 2021.**
- If the International Stage can't be organized in June 2021 due to the COVID-19 pandemic, it will be switched to a digital format on the same date: June 9th to June 12th, 2021.

In case of any question please contact your [Saint-Gobain Local Leader](#) or send a mail directly to [Ella Victor.](#)

We appreciate your understanding in the modifications we are forced to apply due the Covid-19 pandemic. We are convinced that with solidarity and individual commitment we will all together overcome this difficult situation.

May you and your families stay safe and healthy.

The Multi Comfort Student Contest Team
